

2022 Bands of America Championships
FALL CHAMPIONSHIP PICNIC INFORMATION
Regional and Super Regional Championships

At most Regional Championships, Bands of America will secure an on-site “picnic location” for use by bands during the event. The picnic areas are typically a large grassy space away from the bus and truck parking area for bands to use as an alternative eating location outside of the stadium. Additionally, your students may certainly utilize the concessions available at the stadium, though take into consideration that concession lines at some stadiums may be long during peak times.

REMINDERS FOR ALL REGIONALS:

- BOA prohibits students and parents from eating in **ALL parking lots**. Our main concern is the safety and security of our participants – serving, sitting and eating in a parking lot or on the surrounding curbs while buses and trucks are moving in and out of the area creates a major safety issue.
- BOA and stadium regulations **prohibit bringing outside food and beverage** into the stadium seating areas or concourse, both by bands and spectators.
- BOA **prohibits the use of grills**, even within designated picnic areas.
- The stadium concourse and seating areas will be cleared and concessions will be closed during the dinner break between prelims and finals.
- Designated picnic areas will not be monitored by BOA staff, and as such, bands are not recommended to leave any unattended items in the area. Additionally, we ask that bands help keep the area clean by collecting and disposing of any trash after using the picnic area.

Directors: please share this information with your parent-boosters as well to help prepare them as spectators.
