ADVOCACY IN ACTION
Advocacy in Action is a signature program of Music for All designed to collect, recognize, and share effective practices and initiatives that support music education in our schools. The awards recognize and celebrate the commitment of school administrators, community leaders, teachers, and parents who believe in music education and are advocating to ensure that it is part of a comprehensive education for all children.

The Awards highlight the benefits of a strong music program and show what your school or community is doing to provide access and opportunity for active music-making. The Awards also allow educators to showcase their own music programs that are sometimes overlooked or not fully understood by members of the public beyond the school community. We hope that by celebrating these programs, we can inspire music education advocates nationwide to lead by example and take action in their own programs and communities. Designed to be a permanent, searchable resource, you can read and be inspired by the details of all our award-winners online at advocacy.musicforall.org.
